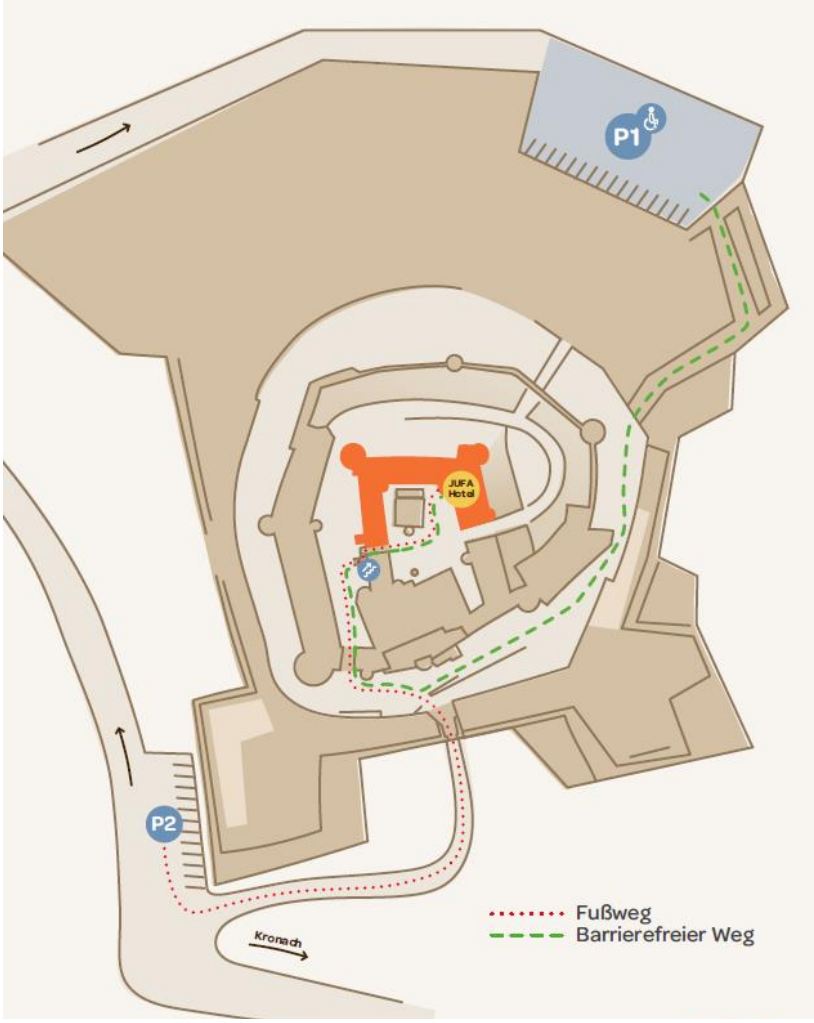
Route description
JUFA Hotel Festung Rosenberg Kronach

Dear guests,

we are looking forward to welcoming you at the JUFA Hotel Festung Rosenberg Kronach!
To find the quickest way to the city center of Kronach, please click on the link:
www.jufahotels.com/en/hotel/kronach/

Towering over the city, you will discover the historic fortress form afar. As soon as you have reached the fortress road you are almost at the hotel. At the first fork in the road, you can turn left at our guest parking lot. There are **2 different parking lots** at your disposal:

Parking lot 2 is located just to the left of the fork. Here you are within 5 minutes of the hotel. You will come directly to the main gate of the fortress via a pedestrian path. From here you only need to follow the signs to the reception. Please note that the path from this parking lot is steep and therefore more difficult to manage with a suitcase.



Parking lot 1: To reach it, turn left at the fork, pass the second parking lot and then turn right at the sign to parking lot 1, which is also wheelchair accessible. Here you can easily reach the hotel by foot with your suitcase within 5 minutes by following the signs to the hotel.

We are happy to offer you a luggage transport from the parking lot to the hotel twice a day. This will take place at 11 am and 4 pm.

Handicapped parking: These are available at parkling lot 1.
